WELCOME

Welcome Friends and Colleagues!

It is our distinct honor to host the 2016 National Wraparound Conference Oceans of Opportunity: Innovations and Excellence in Wraparound, in beautiful Melbourne Beach, Florida.

These next few days have been planned with careful thought to share the emerging best practices and innovations occurring in the field of Wraparound to positively impact the lives of those you serve in your community of practice. Our ultimate goal is to promote and strengthen high fidelity Wraparound initiatives nationwide and abroad. Our emphasis is bringing to scale Wraparound in mandated systems to support you and your local System of Care efforts, improving engagement and inclusion of youth and families in the process.

Wraparound has greatly expanded and evolved as a transformative initiative over the past 20+ years. We trust this gathering of thought leaders, knowledge exchange and exemplary program models will serve to enhance the work you do with, and alongside, youth and families. We hope that you'll take advantage of the many diverse offerings, from our keynote addresses and workshops to our special presentations and networking events to learn, share and reflect on the opportunities that exist for meaningful and sustainable change in your Systems of Care.

Thank you for joining us. You've made a great investment in yourself and your community's future! Enjoy the conference and your stay on Florida's Space Coast!

Sincerely,

Dr. Patricia Nellius

Chief Executive Officer, Brevard Family Partnership and National Center for Innovation & Excellence (NCFIE)

Title Sponsor - Brevard C.A.R.E.S.

Brevard C.A.R.E.S. is the signature child welfare prevention and diversion program in Brevard County Florida designed in 2005 as a new level of care on the child welfare continuum by Dr. Patricia Nellius, and implemented by Valerie Holmes and Tracy Little. Since inception, the Brevard **C.A.R.E.S.** program has served over 15,000 children diverting them from entry into the child welfare, juvenile justice and mental health systems while safely maintaining children at home, in their community and local schools.

Brevard C.A.R.E.S., (an acronym for Coordination, Advocacy, Resources, Education, and Support), is a community-based, front end prevention and diversion program utilizing Wraparound Family Team Conferencing to successfully engage, divert and serve families at risk of entry into the child welfare and juvenile justice systems.

C.A.R.E.S. mission is to "Protect Children, Strengthen Families and Change Lives, Whatever it Takes!" **C.A.R.E.S.** builds upon families' strengths using Wraparound to prevent entry into the formal child welfare and/or juvenile justice system. **C.A.R.E.S.** engages the youth and family, identifies strengths and needs, convenes customized Family Team Meetings inclusive of natural and community supports, and creates an individualized and well-coordinated plan of care to strengthen the family and reduce the likelihood of abuse and neglect while achieving measurable goals and positive outcomes that result in family stabilization and preservation.

Through rigorous evaluation the **C.A.R.E.S.** outcomes have been validated in a published study conducted by Munoz, A.S., Renteria, R.M., Gelwicks, J., & Fasano, M., (2015) Reducing Risk: Families in Wraparound Intervention, Families In Society, The Journal of Contemporary Social Services, 96(2), 91-98 and is now available for National Replication.

The **C.A.R.E.S.** program is proven to reduce the number of children entering the child welfare system. **C.A.R.E.S.** costs on average \$550 per month as compared to \$2,500 per month to serve a child in the formal child welfare system and has better outcomes and less recidivism.

For more information about how to implement the **C.A.R.E.S.** program in your System of Care please visit the vendor table to obtain a copy of the study, review the Toolkit, and learn about the training, consultation, and technical assistance services available, and visit the website at brevardcares.org.

Hotel Map

CEU (Continuing Education Units)

All attendees must sign each workshop sign-in sheet for each specific attended workshop. Please print legibly for those who will have certificates emailed to them.

Certificates of Attendance will be available at the Continuing Education Table. Please stop by prior to leaving the conference to pick up your certificate. Continuing Education Unit (CEU) Certificates of Completion will be emailed within three weeks after completion of the conference. Please remember to list your license number on the sign-in sheet as this will trigger a Certificate of Completion and CEUs to be posted on CE Broker.

The hour or hours of a workshop correlate to the amount of the CEU. For example, a workshop that is one and one half hours long (90 minutes) will equal one and one half CEU. A workshop that is one hour will equal one Continuing Education Unit. All CEUs will be posted on CE Broker within three weeks after the conclusion of the conference for those who are one of the following: LMHC, LCSW, LMFT.

Workshop Surveys

Following each workshop and general session we ask that you please take a moment to complete a short survey. These will be distributed by volunteers in each room. Only through your feedback can we improve the level of programming for our next conference.

Conference Surveys

Following the conference, an overall conference survey will be sent to your email on record. Please take a moment to complete the short survey, so we can continue to improve the conference in the future.

Conference Materials Online

Copies of all conference materials, including workshop presentations and notes can be found at: www.ncfie.org.

Sponsor and Vendor Exhibits

Before, during, and after the workshops and general sessions, please make sure you visit the tables and displays of our sponsors and vendors. Exhibits are located in the main lobby and throughout the conference area and will be staffed from 7:30 a.m. to 5:00 p.m. on Tuesday and Wednesday, and from 8:00 a.m. to 12:00 p.m. on Thursday. Participate in our vendor passport game for a chance to win a prize. Each attendee will receive a passport card with the participating vendors listed on the card. Attendees will need to visit **ALL** vendors and get their passport stamped at every table. Once all vendors have stamped your passport card, cards can then be deposited into the drop-box located at the Registration Table. **Passport cards must be turned in no later than 10:00 a.m. on Thursday, June 9 in order to be eligible for the prize drawing.** The winner of the prize drawings will be announced during the awards luncheon banquet on Thursday, June 9 between 10:45 a.m. and 12:00 p.m.

Local Dining and Entertainment

Along with excellent dining options available at the Crowne Plaza, there are many unique, individually-owned restaurants located in the Melbourne, Melbourne Beach, and Indialantic area. For your convenience, we have included a short list of local area restaurants in your conference bag. You'll also find several dining and entertainment options on Eau Gallie Blvd., which is a short drive or taxi ride from the hotel. For more information about dining and local attractions, please contact the Crowne's in-house concierge.

SPEAKERS

KEYNOTE SPEAKERS

DEREK CLARK

Inspiring Motivational Speaker
The Power of Determination

Derek Clark's life is one of resilience and redemption. As a child he suffered unthinkable child abuse, abandonment and emotional distress before being turned over to the psychiatric hospital at age five. His 13 years in the San Francisco bay area foster care system reflected an early life of humiliation, aggression, emotional distress, overwhelming anxiety and being wrongfully labeled.

Psychiatric reports stated that at the age of five years old, Derek had severe behavioral problems. Neurological reports stated that at six years old, he had the IQ of a two year old and diagnosed him with erratic psychosis. Having also been misdiagnosed as mentally handicapped and having numerous emotional and language difficulties, Derek never gave up.

With amazing help from his foster parents, a great social worker and mentors, he has defied the artificial limitations imposed upon him. Derek knows firsthand how to cope with adversity and overcoming hardship. His past has never held him back from accomplishing what he set his heart and mind to. From owning a very successful corporation to having a family, his maxim is to make no excuses.

Derek is an inspiring speaker and trainer and has been featured on Headline News, The Steve Harvey TV Show, The Ricki Lake Show and other shows around the world. He has recently become a viral video sensation with his "Rapping Dad" videos which have had millions of views and have been featured on Best of Instagram and Vine. He is the author of six books including "Never Limit Your Life," "Disable the Label," and the "I Will Never Give Up" book series.

As a speaker, author and singer/songwriter, Derek has spoken and performed his music from Australia to Canada including a President of the United States. His true-life trials and personal triumphs have inspired organizations with his message of hope and unwavering perseverance.

He has turned his situation from a victim to a victor, equipping him with the wisdom and the will to never give up.

DR. JOHN VANDENBERG, PH.D., Consultant, *Wraparound's Future: Crucial Next Steps*

Dr. VanDenBerg has lectured in every US state and almost all areas of Canada, in Europe and Asia. He developed the first demonstration of cross-agency state-wide Wraparound process; the Alaska Youth Initiative. This was one of the first national efforts focused on services integration for children and families with complex needs. He has been a major innovator and pioneer in the gradual perfecting of the Wraparound process, which now reaches over a half million families worldwide. He delivered over 4000 on-site training and consultation days in communities across North America and other parts of the world. He has been honored with many national and international awards and recognitions for his ground-breaking work to improve the field of human services.

Dr. VanDenBerg has consulted with the federal government, state and local departments of child welfare, juvenile justice, mental health, education, including special education, adult corrections, and developmental disabilities, as well as with private foundations and private agencies around the U.S. and Canada. He is internationally recognized as a leading authority on innovative integrative services applications, and on Systems of Care and Wraparound process development for persons with complex needs and their families.

SPECIAL GUEST SPEAKERS

JOHN FRANZ

Owner, *Paper Boat Consulting*

John has taught in regular and special education classrooms, written legislation and administrative rules in the areas of juvenile justice, child welfare and mental health, prosecuted and defended child welfare and juvenile justice cases, been a plaintiff's attorney in civil rights actions, advocated for adults with mental health and developmental disabilities, represented children and their parents in special education appeals, and coordinated Guardian ad Litem and permanency plan review services in the child welfare system. For the past 25 years he has partnered with agencies in communities around the country in their efforts to find better ways of assisting families and children with complex needs. Many of his articles and presentations can be found on his website at www.paperboat.com. A grandparent of six, he lives in Madison, Wisconsin, where, for the better part of each week, he and his wife have the good fortune to spend time with the four grandchildren whose parents had the good sense to live close by.

PAT MILES

Owner

Miles Consulting

Patricia Miles is a consultant from Portland, Oregon who has been involved in system improvement efforts for more than 25 years. She has consulted on system design and practice improvement efforts in child welfare, education, children's mental health and juvenile justice settings as well as older adult programs.

Committed to assisting and supporting those who get to provide direct care to families, Pat has authored several articles on service improvement as well as multiple curricula designed to increase skills of direct service personnel. She has conducted training about Wraparound and other practice models in more than 35 states.

KAREN SHMUKLER, Deputy Superintendent *Student Services in the Public Schools of Brookline, Mass.*

From the townships of South Africa to urban cities and towns in America, Karen brings 25 years of diverse expertise and experience as a practitioner, clinician and system leader in the arenas of public child welfare, mental health and education. Through a braiding of these experiences, and an integration of a Wraparound philosophy of care with the building of concrete continuums of care, Karen's work and presentations outline what works to maximize the possibility that children live, go to school, play, develop and thrive in the most normative and least restrictive environments possible. Her workshops are action based combining the clinical with the concrete with systematic strategies and practical applications to enhance participant's work.

Karen received her Clinical Psychology degree from the University of the Witwatersrand, South Africa and her Doctoral degree in Education from Nova Southeastern University in Florida. Her research interests have been in the area of resilience in children exposed to violence and the building of Wraparound networks for children with complex needs. She is currently the Deputy Superintendent of Student Services in the Public Schools of Brookline.

DR. PATRICIA NELLIUS

CEO, *Brevard Family Partnership
and The National Center for
Innovation & Excellence*

Patricia Nellius is the founding CEO of Brevard Family Partnership (BFP) where she has served since its inception in 2004. Patricia holds a Masters and Doctorate in Counseling and recently completed the Multisystem Integration Certificate program at Georgetown University. Under Patricia's leadership Brevard successfully transformed its local child welfare system into a national model recognized for its innovations, excellence and positive outcomes. In addition to her role at Brevard Family Partnership, Patricia now serves as the CEO of the National Center for Innovation & Excellence.

Out of a deep desire to impact change and improve the quality of life for vulnerable children and families, Patricia worked her way from the field up to administration. She has served in the human service sector with specific focus on system reform for over 25 years. Patricia is a passionate, civic minded advocate who has served on a numerous local, state, and national Boards. Her service includes but is not limited to: The Center for the Study of Social Policy's National Youth Thrive Steering Committee; the Central Florida Cares Health System Board of Directors; the Florida Coalition for Children Board of Directors; Promise in Brevard Board of Directors; Governor Crist's Child Abuse Prevention and Permanency Advisory Council; and co-chair of Governor Crist's Faith Based Initiative.

Patricia's commitment to protect the vulnerable has resulted in many accolades for her efforts. TRACY LITTLE

Wraparound Fidelity Liaison,
Master Trainer and Consultant
Brevard Family Partnership

As a former foster parent and legal guardian to children with mental health needs, Tracy is both a consumer and a seasoned Wraparound Practitioner. As Wraparound Fidelity Liaison for Brevard Family Partnership and Brevard C.A.R.E.S., he provides classroom training of Wraparound 101, Wraparound 201 and Advanced Facilitation Trainings, technical assistance, coaching and mentoring. Tracy is a master practitioner who serves the System of Care as he ensures continuous quality improvement of Wraparound and Family Team Conferencing and collects and uses data from the WOF to coach, mentor and supervise Wraparound trainees and practitioners. In addition, Tracy serves as a Master Trainer and Consultant at the National Center for Innovation & Excellence.

Tracy has been involved in human services for many years and truly exemplifies family-centered, youth-driven care values. Tracy will stop at nothing to impart hope to those he encounters. His motto is to do whatever it takes, and that he does. No matter where he goes or who he works with, Tracy is a role model and agent of change.

Tracy was instrumental in launching Brevard County's signature child abuse prevention program, Brevard C.A.R.E.S. as the first Prevention and Diversion Care Coordinator hired in August of 2005. Since then, he has been the Program Manager. He now leads our System of Care's Wraparound efforts as the Wraparound Fidelity Liaison and member of the National Replication Team, most recently being named the 2015 Child Abuse Prevention Task Force CAP Leader.

Recognized nationally for his work in the area of youth advocacy, Tracy has provided training for the National Wraparound Initiative in the area of Initial Family Engagement, and the role of the Family Partner. He holds a Master of Business Administration and has 20 years experience in the fields of child welfare and mental health. He also serves as a National Consultant and Trainer in family strengthening models.

DAY 1 - WORKSHOPS

- Wraparound Basics
- Advanced Topics for Wraparound Program Success
- Best Practice Program Models
- Youth and Family Engagement
- Executive Leadership/Admin. Role in Wraparound Program Mgmt.

10:15 – 11:45AM
.....

- **Missing Frames – Life after Wraparound (Part 1)**
Constance Burgess

C. Burgess Consulting & Associates, LLC.
St. Lucia Room

This workshop is dynamic and highly interactive and will demonstrate the basics of Wraparound in crisis planning. Participants will explore a simulated crisis situation; a time of intense difficulty, trouble or danger. Crisis includes a time when a difficult or important decision must be made. Participants will examine a video to inform the development of a crisis plan using the values and principles of Wraparound. We do not have all of the information, yet life for the youth and family/caregiver should be manageable and predictable after being introduced to Wraparound. This workshop provides the basic elements to achieve this success.

- **Integrating Motivational Interviewing as a Skill Set for Wraparound Facilitators**

John Mayo, *Success 4 Kids & Families*
St. Thomas/St. Croix Room

Introduction into the basics of Motivational Interviewing (MI) as a skill set for beginning Wraparound Facilitators. Common values and principles between Wraparound and MI will be discussed, along with an introduction into the basic process and skills of MI. The Stages of Change will also be discussed in regards to the four phases of Wraparound. Exercises will include opportunities for the participant to practice MI skills in the context of a one-on-one interview with a mock Wraparound youth and family member.

- **Integration of Health and Behavioral Health: A Rural Model of Wraparound Excellence**

John VanDenBerg, *Families Plus*
Aruba Room

This workshop describes a unique effort in rural Colorado which combines health services and wraparound supports, volunteer mentors, and cross-system integration. The workshop covers rationale, process and outcomes for the model.

- **Family Partners: Who We Are and What We Do**
Tracy Little and Shan Jackson

Brevard Family Partnership
Antigua/Trinidad/Martinique Room

This workshop will define the role of the Family Partner, as a peer support and advocate of Youth and Families within Wraparound. It will describe the practice of being a true Family Partner along with the role and activities that should be done to support youth and families as they experience the different phases of Wraparound and the process itself. It is essential to understand in detail what the Family Partner does during each phase of the process to support the family's engagement in key activities.

- **Implementing Wraparound Loyalty: Coaching Staff, Impacting Families, Getting Better Outcomes**

Jarred C. Vermillion, *Vermillion Life Circle Consulting*
Misty Kerrigan, *Oak Grove Center*
Sharon Morrison, *Medra Consulting*
St. Martin Room

Wraparound leadership beyond program supervision can be difficult to do without the tools for Wraparound loyalty. In this workshop, we will showcase successful tools for coaching Wraparound fidelity. We will examine taking Wraparound fidelity beyond outcome reports to "in the moment" feedback for staff serving families.

11:45AM – 1:00PM
.....

Lunch: Have lunch on your own or enjoy the Crowne's lunch buffet available to conference attendees for a discounted rate.

1:00PM – 2:30PM
.....

- **Missing Frames – Life after Wraparound (Part 2)**
Constance Burgess

C. Burgess Consulting & Associates, LLC.
St. Lucia Room

As a follow-on from "Missing Frames – Life After Wraparound" Part 1, this high intensity workshop is extremely interactive and will exhibit the basics of Wraparound in individualized service planning. Participants will explore a simulated critical family situation. Participants will examine a video to inform the development of an individualized service plan using the values and principles of Wraparound. We do not have all of the information, yet life for the youth and family/caregiver should change encouragingly and lasting after being introduced to Wraparound. This workshop provides the basic elements to achieve this success.

- **Collaborative Treatment Planning: Why Wheels at Seneca**

Leticia Galyean, *Seneca Family of Agencies*
St. Thomas/St. Croix Room

The Child and Adolescent Need and Strengths (CANS) assessment is a collaborative assessment tool that can and should inform treatment planning in powerful ways. While there are many approaches to treatment planning and intervention development, the Why Wheel is a particularly effective method that aligns with the CANS framework and can be leveraged as a means of illustrating, responding to, and prioritizing service delivery for actionable CANS items. As the Why Wheel is a flexible tool, it has broad applicability, and providers can update it regularly to reflect and address clients' changing needs – and the factors impacting those needs – from intake through discharge. Presenters will demonstrate the way in which an actionable CANS item can be represented within a Why Wheel, and how, in turn, it can help providers develop the most appropriate treatment plans and intervention approaches for clients.

● **Using Wraparound to Reduce Reliance on Out-of-Home Care – One County’s Journey**

Dr. Michael Rauso

Los Angeles County Department of Children and Family Services

Maria Sanchez and Mary Martone

Vista Del Mar

Aruba Room

We will describe the progress of Los Angeles County’s use of Wraparound and how two regional offices were able to eliminate all children under the age of 13 in group homes. We will talk about the partnership we developed with our community Wrap providers and discuss how to implement and sustain a plan to reduce reliance on out-of-home care.

● **Innovative, Creative & Inspired Wraparound Adaptive Practices**

Ontson Placide and Tina Binda

Star View Children & Family Services

Antigua/Trinidad/Martinique Room

Star View Children and Family Services TEAMMATES Wraparound program is one of the largest programs in California. We were established in 2002 and have served over 2500 youth and their families. We serve the most high-risk area of Los Angeles County and have a daily census of 220 youth, with 150 staff. We currently engage in several innovative and creative practices within our Wraparound program that serve to enhance the comprehensive services that Wraparound already provides in its core approach.

● **High Fidelity Wraparound: Continuous Quality Improvement – Soup to Nuts!**

Monica Walker Payne

Youth and Family Training Institute

Maria Silva, Allegheny Family Network

St. Martin Room

The Youth and Family Training Institute (YFTI) has produced a team-based training and coaching process that focuses on skill development and demonstration, and an evaluation and continuous quality improvement system that provides innovative information about the Wraparound process, fidelity, and outcomes. This high-quality training and coaching, along with standardized documentation and monitoring, produces high-fidelity Wraparound programs with very exciting outcomes for youth and families with the most complex and costly needs. Participants will learn how to implement a comprehensive continuous quality improvement process, how standardized Wraparound chart documentation pinpoints areas for coaching and program improvement, how to use data and critical thinking skills to identify program strengths and challenges, and how to connect continuous quality improvement practices to improved Wraparound fidelity and outcomes.

2:45PM – 3:45PM

.....

● **Wraparound: Advanced Understanding Through the Life of Superheroes**

Jared C. Vermillion and Misty Kerrigan

Oak Grove Children’s Center

St. Martin Room

WRAPAROUND.....Beyond the Basics! Yoda = Wraparound... how, you ask? Using Superman, TMNT, X-Men and other heroes, this workshop will push commonly understood “basic Wraparound” concepts to new heights. Illustrated through superheroes, this workshop will equip “wrappers” with enhanced skills and advanced Wraparound understanding using the 10 principles and the process to practice skills and enhance loyalty to the model.

● **Breaking Through Barriers – A Consultative Panel Q&A**

Dr. Patricia Nellius, Valerie Holmes, Tracy Little and Shan Jackson, Brevard Family Partnership

St. Lucia Room

The Breaking Through Barriers consultative session is designed for members of Systems of Care to come prepared to present specific questions, challenges, themes, and opportunities for growth. In this session, panelists consisting of Administrators, Practitioners, and Family and Youth in Wraparound Communities of Practice will respond to questions and discuss proven strategies for success. This session is intended to generate group participation, thought leadership, knowledge exchange and opportunities for attendees to share and learn the best practices occurring in the field of Wraparound and SOC.

● **Developing Wraparound Learning Communities to Support Successful Implementation**

Julie Radlauer-Doerfler

The Ronik-Radlauer Group, Inc.

Jill Sorensen

Florida Behavioral Health Network

Lauren Zuchman

Behavioral Health Initiatives

St. Thomas/St. Croix Room

Wraparound Learning Communities are an excellent way to support the Wraparound process across and between communities. South Florida has successfully implemented Wraparound across several different communities, counties and regions. Throughout this process we have created Learning Communities to provide peer learning and support. This support network has significantly added to the successful training, coaching and implementation of high fidelity wraparound. The presentation is designed to discuss the value of a Learning Collaborative. Additionally, the logistics of setting up a collaborative will be discussed. Finally, the benefits and efficiencies of creating the collaborative learning and coaching collaborative will be reviewed.

DAY 1 - WORKSHOPS

- Wraparound Basics
- Advanced Topics for Wraparound Program Success
- Best Practice Program Models
- Youth and Family Engagement
- Executive Leadership/Admin. Role in Wraparound Program Mgmt.

● High Fidelity Wraparound and Residential Treatment: Redesigning the Field

John VanDenBerg

Families Plus

Aruba Room

Dr. VanDenBerg will review what can happen when Wraparound and residential treatments are used together - to produce a brief, highly individualized stabilization placement. Currently, how and when residential services are used is changing rapidly in the United States. This workshop will cover methods of increasing generalization from facility to home, increasing family voice, and encouraging the workforce to implement a new model. Alternatives to traditional methods of determining discharge readiness will be covered, as well as integration suggestions for working with other systems.

● Wraparound as Key Component of System Redesign

Shawn Salamida

Families First Network

Antigua/Trinidad/Martinique Room

In response to historical peaks and valleys in out-of-home care census, including a recent sharp rise, Families First Network and the Department of Children and Families launched an initiative to review and re-design their System of Care. The result was several strategies to support the state's new safety methodology. The Wraparound model was identified as the preferred service for safe but high to very high risk families and is currently under implementation. This workshop will provide an overview of the large scale change process, and how Wraparound has supported this shift.

- **Listening Louder: Establishing an Authentic Relational Stance in Wraparound's Helping Partnerships**

John Franz, *Paper Boat Consulting*
Aruba Room

This workshop will explore strategies for becoming more reflective and intentional in the way that we present ourselves to families. In this workshop we will suggest techniques we can use to identify, monitor and adjust our relational stance so as to improve the impact of the help we offer.

- **School-House Wrap: Utilizing the Wraparound Process to Successfully Educate Students With Complex Needs in Public School Settings and Prevent Unnecessary Out of District School Placements**

Karen Shmukler
Public Schools of Brookline, Massachusetts
St. Lucia Room

Through real-life student and family examples and care studies, the workshop will explain Wraparound best practice and processes that when mobilized enable public schools districts to build continuums and Systems of Care, services and supports for students with diverse and complex needs that enable students to be successfully educated in-district, meeting the vision of Wraparound and Systems of Care and state and federal requirements under the Individuals with Disabilities Education Act (IDEA), regarding the provision of a free and appropriate public education (FAPE), in the least restrictive environment (LRE). The workshop will outline a developmental and iterative process that has enabled the Public Schools of Brookline to significantly reduce its out of district placements and maintain one of the lowest out-of-district rates in Massachusetts, by successfully transitioning students from more restrictive educational settings and building in-district networks of care for students with a wide range of needs: inclusive of trauma, mental health, developmental disabilities, and family systems issues. Participants will be provided with concrete and practical building blocks to develop an educational system of care through multi-tiered layers of support and services inclusive of school-wide Positive Behavior Intervention and Supports (PBIS), therapeutic programming, home services, stabilization and hospital prevention and reunification programming.

- **Wraparound Process Applied to Family Intensive Treatment Teams (FITT) – One Family...One Team...One Plan**

Sharie Thomas, LCSW, *Director of Youth and Family*
Julie Shapiro, MSW, *FITT Program Manager*
Antigua/Trinidad/Martinique Room

The Family Intensive Treatment Team delivers intensive treatment interventions targeted to families with high-risk child abuse cases due to parental substance use and/or mental health issues. This program has been designed to demonstrate that rapid identification of parental behavioral health disorders, immediate access to evidence-based practices and multi-disciplinary teaming will result in better outcomes for children and their families.

This workshop will demonstrate how The FITT Team (which includes a Care Coordinator, Peer Mentor, Clinician and Dependency Case Manager) utilize the Wraparound process to work together with the family to write an individualize plan based on what the parent/child/youth wants and needs and includes action steps to meet the dependency case plan goals.

- **High Fidelity Wraparound Workforce or Superhero**

Maria Silva, *Allegheny Family Network*
Steve Freas, MSW, *Human Services Administration Organization*
Christine McClellan, MA, *Family Resources*
Davon Rutherford, *Allegheny County Youth Support Partner Unit*
Christine Snyder, *Allegheny Family Network*
St. Thomas/St. Croix Room

High Fidelity Workforce (Administrators, Coaches, Facilitators, Family Support Partners and Youth Partners) require applicable information to perform their role and often times need to reenergize and hone their skills. This skill building workshop will be lively and interactive! Along with highlighting pitfalls to avoid, we provide useful tips and gentle reminders needed to serve families. Attendees will be entertained and involved in meeting Data Dan, Resource Rosemary, Action Step Adam and Superhero Sally! Along with several more of their friends, these characters will shed light about the pitfalls and reinforce necessary skills. During debriefing of these exaggerated characters, discussions will help shed light not only on skills, but how you can hit pit falls, even coming from the best of intentions. Topics included in the discussions are engagement, cultural responsiveness, enabling vs empowerment, keeping the family at the forefront, and finding the star within both ourselves and each family we encounter.

● **Peer Parent Support & Wraparound: Managing the Difference: Tools for Supervisors and Administrators**
Pat Miles

Miles Consulting, LLC

St. Martin Room

Many Wraparound initiatives will “nest” parents with lived experience in their Wraparound project in order to improve family engagement and outcomes from Wraparound. This workshop will define the difference between the Wraparound process and peer parent support in order to maximize the effectiveness of each. A framework for defining peer parent support will be reviewed as well as a set of core competencies. Common challenges and with embedding peer parent support in Wraparound will also be explored.

● **Wraparound for Geniuses!**

Daniel S. Heit and Kristen Irizarry

JusticeWorks’ Family of Services

Antigua/Trinidad/Martinique Room

During this workshop we will articulate the background and mission of JusticeWorks YouthCare as it creates a context for outstanding Wraparound services. We will review how our agency has taken our whatever it takes operating philosophy to inform a Wraparound care approach which bonds with families; utilizes a broad array of community supports; and achieves positive outcomes. Discussion will be presented on the delivery of our Short Term Therapeutic Outreach to Prevent Placement program and its success at keeping children safe in their own homes.

We will also highlight our JustCare program as a reintegration service and step-down model. We will discuss our management protocols, key performance indicators and motivating staff to go the extra mile and achieve positive outcomes. We will discuss how to utilize evaluation to refine and continuously improve the service. We will discuss the integration of a variety of Evidence Based Practices into our own models.

Lastly, we will discuss working in partnership with our public sector stakeholders to obtain optimum outcomes.

● **Family Finding Model & High Fidelity Wraparound: Merging the Models to Build Connections & Strengthen the Natural Support Network**

Sarah Dillman and Julie Sharpe

McMan Youth Family & Community Services

Brandi Perron, Hull Services

St. Lucia Room

Three years ago, the Calgary High Fidelity Wraparound Collaborative felt it would be valuable to increase the craft-skills of the facilitators in the principle of Natural Supports. After searching for something that matched the integrity of Wraparound, Seneca’s Family Finding model was discovered. In blending the two models, it was important that not only could facilitators be credentialed in their new Family Finding skills, but that fidelity be maintained to the Wraparound process. Therefore, the hope of this workshop is to show how the Family Finding skills were added, to increase competency in the principle of Natural Supports, to increase understanding and address safety concerns, and to allow the participants the ability to incorporate these skills into their own practice as well as increase positive outcomes for their youth and families.

● **Wraparound and Gang Intervention Looks Like This...**

Ontson Placide, Star View Children & Family Services

Melvin Hayward and Michael Godoy,

V2K HELPER Foundation

St. Martin Room

To increase the effectiveness of reaching youth with gang and/or Probation involvement, a collaboration was formed with two prominent agencies; Star View Wraparound and V2K Helper Foundation. The results have been significant as probation youth outcomes dramatically improved over a three-year period. Since 2012, over 150+ youth have been served with a 70% success rate in recidivism and youth exiting the Probation system. No other collaboration services exist like this in Los Angeles area the has such an integration of V2K Violence Reduction programming (Community/Gang Prevention, Community/Gang, Intervention, Youth Leadership Development, Life Skills Components) and Behavioral Health/Social Services programming (Child and Family Team Meetings, Evidenced based therapy and treatment practices, Comprehensive evaluation of needs in various life domains - legal, educational/vocational, financial, recreational, spiritual, and other areas).

● **From Hello to Help: Reimagining Wraparound from the Family’s Perspective**

John Franz, Paper Boat Consulting

Aruba Room

This workshop will discuss the changes that Wraparound has gone through over the past 25 years and propose a new framework for describing the key stages of the Wraparound process that better reflects the experience we hope that families will have as we partner with them.

● System Navigators

Christine McClellan, *Family Resources*
Steve Freas, *Human Services Administration Organization*
 St. Thomas/St. Croix Room

The premise System Navigators is to share tips and tools illustrating accomplished skills of the dual-role of HFW Facilitator and Service Coordinator and their partnering agencies. High-Fidelity Wraparound in Allegheny County, Pittsburgh, Pennsylvania is known as Joint Planning Teams (JPT). The HFW/JPT Facilitator has a dual role; they are the Wraparound facilitator, and service coordinator for children's mental services. Because of the dual role the criteria for JPT is based on being eligible for medical assistance; between the ages of 0-21 with a mental health diagnosis (consumers we currently serve are 11-18 years old); at risk for hospitalization, residential treatment, or other out-of-home placement; complex service coordination needs; and involved with multiple child-serving systems such as, Juvenile Justice, Children, Youth & Family, Mental Health, Education, and Drug and Alcohol. Another unique quality of JPT Facilitator is the partnership between two very different service provider organizations, their partnerships with a family run organization, and a youth driven organization.

2:45PM – 3:45PM

● Team Development in Wraparound: From Natural Supports to Effective System Partners

Pat Miles
Miles Consulting, LLC.
 St. Martin Room

This session will focus on team member preparation in order to maximize creativity of the Wraparound plan. Steps that should be followed from referral form the first Wraparound team meeting will be reviewed as well as a framework for preparing system partners for a creative process will be examined.

● How Team-Based Care Coordination Software Can Increase Wraparound Fidelity and Improve Youth Outcomes

Matt Schubert
Fidelity EHR
 Antigua/Trinidad/Martinique Room

While traditional behavioral health EHR utilization may act as an impediment, effectively structured team-based coordination software provides an opportunity to improve youth outcomes. Both providers and System of Care will learn how a team-based EHR can help improve fidelity to the 10 principles of Wraparound.

● At Home, In School, In the Community – Multi-Systematic Wraparound Planning & the Power of Partnerships in Inclusion, Prevention, Re-entry, & Reunification of Children with Complex Need

Karen Shmukler
Public Schools of Brookline, Massachusetts
 Aruba Room

This workshop braids the presenter's deep practical and leadership experience and expertise in the public child welfare, mental health and education domains to provide participants with in-depth strategies to build and maintain partnerships, purpose and practices that enable meaningful inclusion of children with complex needs in all aspects of school and community life. Participants will be provided with concrete, practical building blocks to develop multi-systemic approaches to care through engagement and sustaining partnerships with families and diverse public and private community agencies and organizations. Participants will also learn how partnership engagement enables the development and integration of multi-tiered layers of support and services that support and are essential to the goal of "At Home, In School and In the Community."

● Partnering Through the Process: Family and Youth Partners in Wraparound

Tracy Little, Shan Jackson, Shenelle Robertson, Amanda Richards
Brevard Family Partnership & Brevard C.A.R.E.S.
 St. Lucia Room

This is a consultative session designed for Family & Youth Peer Partners to come and present specific questions and challenges in an opportunity for growth and development. Panelists consisting of Family and Youth Partners in Wraparound Communities of Practice will respond to questions and discuss proven strategies for success. This session is intended to generate thought leadership, knowledge exchange and group participation.

● Empowering At-Risk Students Through Community, Curriculum and Coaching

Michael Daly and Diana Black
The Orange Duffle Bag Initiative
 St. Thomas/St. Croix Room

Creating a Community of Opportunity: Exploring best practices community-based solutions, case studies and student outcomes resulting from after school coaching programs and postsecondary interventions.

4:00PM – 5:00PM
